

# Historic Tampa Theater Tour & Carne Chophouse November 13th, 2018

Designed by famed theater architect John Eberson and built by Paramount Pictures, Tampa Theatre opened on Oct. 15, 1926 as one of America's most elaborate movie palaces. Like other lavish downtown movie theaters around the country, Tampa Theatre was enormously popular when it opened. For 25 cents the common person could escape into an opulent fantasyland cooled by "man-made air," enjoy first-class entertainment, and be treated like royalty by platoons of uniformed ushers. For decades, Tampa Theatre remained a jewel at the center of the city's cultural landscape as generations of patrons stole their first kisses in the balcony, followed the world through the newsreels and grew up coming to the Theatre week after week. Join us as we have a private tour of this incredible theater. Next, we are off to the fabulous Carne Chophouse. The Carne Chophouse is located in the cultural and culinary heart of Tampa, Historic Ybor City. Carne occupies the historic El Centro Espanol Building which once served as the social and cultural hub for Spanish immigrants who worked in Ybor City's thriving cigar making industry. You won't want to miss this wonderful tour! Please be aware that this historic theater was built in 1926 and is NOT handicapped accessible and does not have an elevator, and there are several small sets of stairs to go up and down during the tour.
