SMALL WORLD TOURS Black Hammock

\$129 per person

Sit back and relax as we head south to Oviedo, Florida for a special adventure. We will arrive at Lake Jesup, which is known for having the highest concentration of alligators per acre in the world. It is estimated to be the home to over 13,000 alligators. Some of the alligators in Lake Jesup can reach lengths of 14 to 15 feet, according to news sources. Black Hammock Adventures will thrill us with sights and sounds of nature at its best. Take a ride on the airboats, which take visitors through scenic coastal marshlands to find native wildlife, including turtles, bald eagles, and of course, alligators. During the airboat ride you will stop at swampy areas where gators are not in short supply. A visit to Bird Island, a haven for many birds, is perfect for our bird lovers. If you like, when you return to the Hammock, you can pet a live gator, or one of their tropical talking birds or relax with a cold drink at the Lazy Gator Tiki Bar. We will enjoy a delicious lunch at the Black Hammock Restaurant before returning home —hopefully with all of our fingers and toes!
