

Weekie Wachee

March 13th, 2018

Since 1947, Weekie Wachee Springs has been dazzling visitors with its beautiful, mesmerizing mermaids who swim in its cool, crystal-clear waters. This legendary enchanted spring, the only one of its kind in the world, is one of Florida's most unique roadside attractions. Weekie Wachee Springs State Park is a magical entrance into a mysterious blue underwater world of mermaids, manatees, turtles and bubbles. Sitting in the 400-seat submerged Mermaid Theater, you'll feel like you're inside the flowing spring itself, transported back to simpler times before super theme parks and super highways and there's so much more to see and do inside this stunningly beautiful 538-acre park. There's Buccaneer Bay, Florida's only spring-fed waterpark, with a sandy white beach. Hop on board a relaxing River Boat Cruise and experience the natural splendor of Florida's wildlife, flora, and fauna or take in our entertaining and educational Animal Show and get up close to native wildlife like alligators, snakes, and exotic birds. Join us for this great day out! Kayak and canoe rentals available and bring your suit and towel if you want to swim!

Tour Includes:

- R/T Transportation
