

# Weeki Wachee

October 20th, 2021

Since 1947, Weeki Wachee Springs has been dazzling visitors. This legendary spring, the only one of its kind in the world, is one of Florida's most unique roadside attractions. Weeki Wachee Springs State Park is a magical entrance into the underwater world of mermaids, manatees, turtles and bubbles. We can tour the park and enjoy the shows at our leisure. Sitting in the 400-seat submerged Mermaid Theater, you'll feel like you're inside the flowing spring itself. There is much more to see inside this stunningly beautiful 538-acre park. Hop on board a River Boat Cruise and experience the natural splendor of Florida's wildlife, flora, and fauna. Watch an entertaining and educational Animal Show and get up close to native wildlife like alligators, snakes, and exotic birds. Rent a kayak or swim at Buccaneer Bay, Florida's only spring fed water park. Bring your own picnic lunch or enjoy something from the park's dining options. MERMAID GALLEY-located in the back of the park overlooking the woods, indoor and outdoor seating and a selection of sandwiches, burgers, wraps, salads, ice cream and other snacks. CAPTAIN'S QUARTERS-Buccaneer Bay where you can sit outside and enjoy ice cream, snacks and drinks. PIRATES GRUBB-behind Buccaneer Bay, sit outside by the beach and grab snacks, burgers, hot dogs, chicken fingers and more. SNACK SHACK-Ice cream/Cold Drinks. TIKI BAR-near Buccaneer Bay's beach: Frozen Drinks, beer and wine; also serving grilled food items. Join us for this great day out!
